Town of Wappinger – Zoning Board of Appeals  
20 Middlebush Rd.  
Wappingers Falls, NY 12590

Dear Board Members,

This letter and diagram is a follow up from our Zoning Board Meeting on 2/23/21. I may not have properly conveyed the necessity of the size of the garage at 38' x 38'. We are a family of six, I have three daughters and one son, and everyone has items to be kept in the garage. When I measured, to create the attached diagram, and see how my family's vehicles and other possessions would fit, I realized the interior measurement is actually 36' x 36', which made everything tighter than I originally thought. Hopefully the diagram helps convey the necessity. Beside the items on the diagram, we also will have to place the contents of the shed we are removing into the garage.

In conclusion, the reason we purchased 88 acres among the family was to be able to have improvements that fit the character of the property and the needs of our family. My brother and sister have a similar or bigger garage and barn on their similar sized properties that adjoin my property. We are asking for this 38' x 38' garage for what we sincerely feel is a necessary size in line with the needs of our family.

Thank you for your time and consideration of this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "P. Gigliotti", with a long horizontal flourish extending to the right.

Patrick Gigliotti
