Dear Ms. Ogunti:

The following is in response to your submission to this office consisting of SEQR information for the above project.

1. This Department has no objection to the Town Planning Board serving as the lead agent for SEQR.
2. If the proposed use results in a larger flow than the previously allowed flow in plans approved by this office on May 18, 1982, plans must be submitted to this office by a NY State licensed professional for review and possible approval. Reference is made to Article 19 of the Dutchess County Sanitary Code.

Very truly yours,
