--	--	--	--

NOTE: THE FOLLOWING WILL BE NEEDED TO PROCESS YOUR APPLICATION

1. ***APPLICATION MUST BE ACCOMPANIED WITH A COMPLETE SET OF PLANS FOR LOT IMPROVEMENTS AND LOCATION MAP OF WETLANDS AS THEY EXIST IN THE FIELD OR AS SHOWN ON WAPPINGER ENVIRONMENTAL MAPS***

Administrative Permit: if applicable

Planning Board Permit/Resolution: if applicable

2. Two copies of scaled plans showing all details of construction and related footprint of structure. Only detailed drawings will be accepted and may be required to be submitted by a licensed design professional upon review of the Code Official.

3. Plot Plan Sheet provided must be filled out showing all sizes and setbacks of structure.

-Show wetland buffer (100')

-Show boulders every 40' along wetland buffer

4. Wetland Expert delineating Wetland: LaBella Associates; David MacDougall, CWB, PWS

ESTIMATED QUANTITY OF EXCAVATION: 50 C.Y. CUT x FILL

ESTIMATED TOTAL VALUE OF WORK: \$20,000

PROPOSED STARTING DATE: 11/2023 PROPOSED COMPLETION DATE: 11/2024

PLANS PREPARED BY: LaBella Associates; Kyle Ahearn, PE DATE: 08/14/2023

LIST APPLICABLE COUNTY, STATE OR FEDERAL PERMITS: T. Wappinger PB: Site Plan and Spec. Use Permit,

Dutchess County Department of Public Works Highway Work Permit.; Dutchess County Department of Health: SSDS/well approval; NYSDEC SPDES (Storm/Construction; Sewage > 1,000 GPD)

OWNER'S SIGNATURE:  DATE: 8/14/23

5. Size of Activity Area: 0.1-Acres

Is work proposed in Wetland: No or Wetland Buffer Area: Yes

Impacts that the prolonged activity will have on the Wetland: Activity taking place within the wetland buffer will have minimal impacts.

Activity within the buffer includes an ADA parking area and associated land grading to provide required ADA slopes. All other site improvements/parking

and associated land grading has been proposed outside the Town wetland buffer. An existing barn within the buffer area has been demolished within the last +/- 10 years and that area is
to remain vegetated as part of this application.

6. After application is completed, a pre-site visit is required to be scheduled with this office.
